

Our BERTHA

Our Bertha – the showstopper with attitude.

With a stage area measuring 14.2 m × 11.5 m, a total height of 12.4 m, and a roof load of over 30 tons, Bertha is a sight to behold. She is one of the largest mobile stages in Europe – built to make an impression.

She is ready in just six hours: precise, reliable, and impressive.

Bertha carries entire festivals on her back and offers artists the space to create something great.

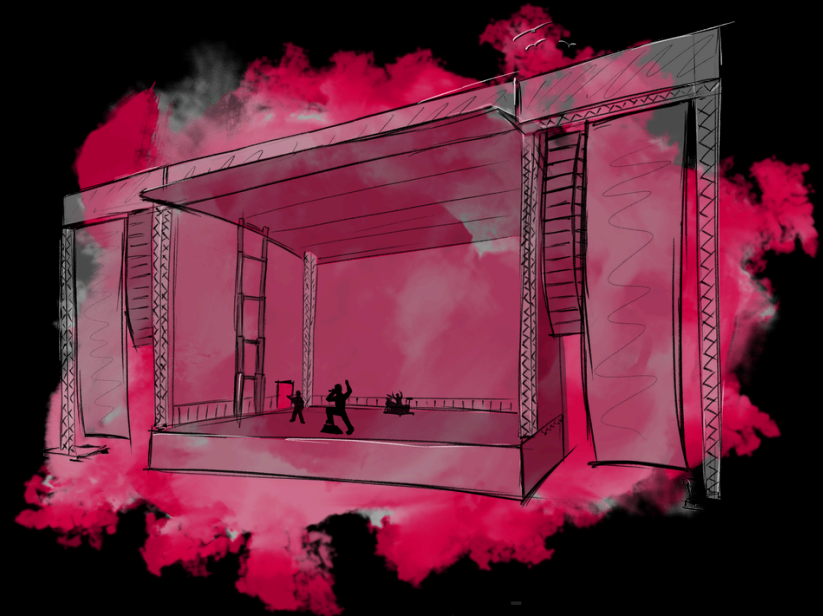

Proud, commanding, and full of energy: Bertha is not a stage that holds back. She is the stage that leaves a lasting impression.

	Podium	Roof
Width	14,17 m	14,97 m
Depth	11,53 m	14,00 m
Clearence height		9,60 m
